## Flexible Pet Pen

## Fencing Solutions / Pens \& Enclosures

- Easy to construct

- Self-supporting
- Safely-protected ends

## A COMPLETE SOLUTION IN ONE PACK

Whites Flexible Pet Pen will make an enclosure of up to 2.2 m diameter and 600 mm high without the need for posts. It is easy to set up and pack away in minutes. The exposed ends are protected for added safety.

The pack includes:

- 7 m length of netting ( 600 mm high $\times 40 \mathrm{~mm}$ hexagon aperture $\times 1.4 \mathrm{~mm}$ wire diameter)
- 15 galvanised pins
- DIY friendly instructions

| Code | Product Description | Length | MOQ | Barcode |
| :--- | :--- | :--- | :--- | :--- |
| 60150 | Flexible Pet Pen | 7 m | 1 | 9312261601508 |

Note: It is recommended that new galvanised wire mesh used in aviaries and pet cages be treated to remove excess zinc that could possibly harm the pets. Shave off any zinc spikes with a utility knife. The mesh should then be scrubbed with a mild solution of vinegar (2 cups in a bucket of water), and rinsed with clean water.

Handy Hint:

- To view our entire range of mesh and netting click on the 'shadow board' image in the photo gallery at the top of this page
