PLANT WHAT YOU WANT, WHERE YOU LIKE!

Garden Up Mix'n'Match gives you the freedom to plant what you want, where you like.

Turn any wall, fence or vertical space into a living, growing Green wall or edible garden. Personalise your backyard or balcony with your choice of edible crops such as herbs, salad leaves and strawberries or an attractive floral display.

Garden Up Mix'n'Match Hooks allow you to mount three types of planter pots on your choice of substrates such as walls, fences, slat screens, wire frames and trellises. And because it's Garden Up, you can simply add more pots and hooks vertically or horizontally to expand your living Green wall.

Available in 5 different styles (to see our Mix'n'Match range, click [here](#)):

- Classic Wire Hook - hook-over wire frames and trellises (compatible with 18093 & 18442 Classic Pots)
- Classic Wall Hook - screw-mounted to walls and fences (compatible with 18093 & 18442 Classic Pots)
