

Netting Pliers

Fencing Solutions / Clips & Tools

- Special pliers with groove to hold all netting clips
- PVC coated handles for comfort
- Colour coded handles – Red for 16mm medium clips, Green for 19mm large clips

NETTING PLIERS

Whites Netting Pliers are designed to make securing Whites C style [Netting Clips](#) safe, neat and easy. The 16mm clips would suit the Red handle pliers whilst the 19mm clips would suit the Green handle pliers.

The plier features a special groove to hold the netting clip in place before securing. To secure, squeeze the handles and the clip 'ties' the netting to the line wire.

With a soft rubber handle, these pliers are easy to use and come with a pack of bonus clips to get you started.

Code	Product Description
12405	Netting Clip Pliers – Red Handle
12406	Netting Clip Pliers – Green Handle
