

Garden Up Petite Wall

Garden Up / Wall Mount

- Ideal for backyards & balconies
- Suitable for herbs and potted colour
- Quick and easy to set up
- Secure wall mounts

PLANT WHAT YOU WANT, WHERE YOU LIKE!

Turns any wall, fence or vertical space into a living, growing Green wall or edible garden.

Whites Garden Up Petite Wall is a simple wall mounting solution and accommodates most spaces, small and large. You can personalise your backyard or balcony with your choice of edible crops such as herbs, salad leaves and strawberries or an attractive floral display.

With its modular system, you can simply add more vertically or horizontally to expand your garden display. Simply screw into place on any vertical surface (mounting hardware varies by surface - not included).

The larger [Garden Up Grande Wall](#) offers different size options in the same style; mix and match them to add greater interest to your vertical garden wall.

Featuring a water-smart design with an integrated saucer, it conserves excess water and prevents over-watering.

Code	Product Description	Size
18057	Garden Up Petite Wall - Latte	250mm x 170mm x190mm
18428	Garden up Petite Wall - Charcoal	250mm x 170mm x190mm

Handy Hints:

- Use a premium quality potting mix (Australian Standards logo with four ticks) and water regularly.
- Depending on your plants, it's best to maximise the amount of natural light by positioning the plants in a sunny, north facing position.
- Always ask your gardening expert for the best plant varieties to suit your region and time of year.
